Gallery Screen

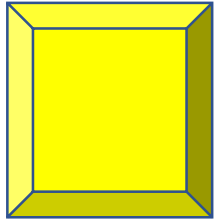

Photo1 name
Rating: 5/10

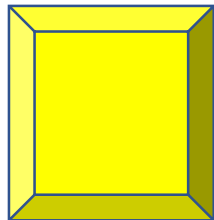

Photo2 name
Rating: 5/10

Back

Clear

Screen title included

- When screen 3 opens, for each item in the images list, a new image is created and added to Column1 (so all photos are displayed)
- It also displays the name and rating of each item

2 Buttons included inside a row:

- When the back button is clicked, this takes the user to Screen 2
- When the clear list button is clicked, all lists should be reset to empty lists
